

ENERGY EFFICIENCY EDUCATION PROGRAM (SC)

PURPOSE

The purpose of this program is to educate students about energy efficiency in homes and schools through energy-related curriculum, a home energy survey and energy efficiency measures.

PROGRAM

- This program is available, at the company's option, to K-12 public and private schools.
- This program provides students in participating schools the ability to complete an energy survey of their home. Each eligible student who completes a home energy survey will receive an energy efficiency measure for their home, not to exceed \$30.00 in value, such as a package of compact fluorescent light bulbs or an energy efficiency starter kit.
